

Grading System Information

Students at IBU can enter their exams the following ways:

1. Midterm/final model of exams

Grade structure

Midterm exam 40 CP

Final Exam 40 CP

Activity 20 CP

Midterm Exam:

Student will be allowed to enter the midterm exam, if s/he has completed their debt obligations

Final Exam:

The student will be allowed to enter the final exam if they meet the minimum attendance criteria, have no debt obligations and if they have gained a minimum of 10 CP in the midterm exam

Conditions for passing the course:

If the students have not gained a minimum of 10CP in the midterm exam and minimum 10CP in the final exam, the student will fail.

Example if a student has gained the following points:

Midterm exam: 25 CP

Activity : 20 CP

Final Exam : 6 CP

Total points : 51 CP

The student will fail

2. Make-up exam model

Grade structure

Make-up exam 80CP

Activity 20 CP

Students who have failed in midterm/final exams, or who have not entered the midterm/final exam will be allowed to enter the makeup exam (covering all material), if they meet the minimum attendance criteria.

3. Penalty session

Penalty session exam consists of 100% of the grade and covers the whole material. The penalty session exam period is announced in the academic calendar.

Students who have previously registered for the course, and have failed, have a right to register the course for the penalty session.

A student can register maximum 6 courses in penalty session through the Hello System.

If a student has not previously registered for a course, the student will not be allowed to register that course in the penalty session exam.

Clarification on calculation of Credit Points

Midterm exam

If the midterm exam consists of 100 points, these are translated in the following way:

- ⇒ 1 point in exam= $1\text{pt} \times 0.4 = 0.4\text{CP}$
- ⇒ 50 points in exam= $50\text{pt} \times 0.4 = 20\text{CP}$
- ⇒ 100 points in the exam= $100\text{pt} \times 0.4 = 40\text{CP}$

Final exam

If the Final exam consists of 100 points, these are translated in the following way:

- ⇒ 1 point in exam= $1\text{pt} \times 0.4 = 0.4\text{CP}$
- ⇒ 50 points in exam= $50\text{pt} \times 0.4 = 20\text{CP}$
- ⇒ 100 points in the exam= $100\text{pt} \times 0.4 = 40\text{CP}$

Activity

The activity points are translated in the following way:

- ⇒ 1 point= 1pt X 0.2 = 0.2CP
- ⇒ 50 points = 50pt X 0.2 = 10 CP
- ⇒ 100 points = 100pt X 0.2= 20 CP

Make up exam

- ⇒ 1 point in exam= 1pt X 0.8 = 0.8 CP
- ⇒ 50 points in exam= 50 pt X 0.8 = 40 CP
- ⇒ 100 points in exam= 100pt X 0.8= 80 CP

Activity

The activity points are translated in the following way:

- ⇒ 1 point = 1pt X 0.2 = 0.2CP
- ⇒ 50 points = 50pt X 0.2 = 10 CP
- ⇒ 100 points = 100pt X 0.2= 20 CP

DESCRIPTION OF INSTITUTIONAL GRADING SYSTEM

Academic status of the student is calculated according to Numerical System from 5 to 10, 100 Point System, and ECTS by the Student Affairs Office on the basis of all enrolled courses for the degree in question.

The equivalence of the grading systems is shown in table below:

Numerical System from 5 to 10	10		9		8		7		6		5
100 Point System	95-100	90-94	85-89	80-84	75-79	70-74	65-69	60-64	55-59	50-54	<50
ECTS	A		B		C		D		E		F

Conditions for obtaining first cycle studies diploma: Successful completion of courses taken with an advantage of 6 in Numerical System from 5 to 10, 50 points in 100 Point System, and E in ECTS.
